

GIGANET SINGLE PHASE SMART DOUBLE CONVERSION 1KVA, 2KVA, 3KVA, 6KVA & 10KVA UPS

WITH RACK MOUNTED BATTERY FOR EXTENDED
RUN TIME

Overview

The GIGANET single-phase smart double online conversion UPS is recommended for critical equipment such as servers, storage and network equipment. These smart UPS units provide high-performance power protection. All UPS units come with an in-built SNMP card and rails. External rack-mounted battery packs provide extended runtime.

Benefits

- Full 2 year warranty on UPS and Batteries
- High Power factor (pf) of 0.9
- Higher efficiency (96%) in ECO mode
- Remote monitoring
- Battery Management with LCD display
- Rack Mounted UPS and Battery Pack
- Hot-swappable Batteries
- **FREE Basic PDU with 10 x C13 and 2 x C19 for 6KVA and 10KVA UPS**
