Product overview

Giganet Networking Solutions provides a comprehensive range of cabinets and enclosures that can be used in computer and telecommunication technology industry. Giganet products include the two-part wall mount cabinets as well as the Network Standard wall mount cabinets. This Wall Mounted Cabinet are an ideal solution when installation space is a premium. The steel framework provides sufficient durability for environments such as risers or shafts. The design allows maximum access to the internal equipment through the top and base entrances. The wall mounting frame can also be a cost-effective solution for smaller networks and workgroups where a cabinet is not required.

ETISALAT PRODUCT APPROVAL

EPA No:	780968-1
Approval valid	28 July 2024
Authorized signatory	
Designation	D/DST/D69
Date	29-01-2024

Product Features

FEATURES
19" Mounting Angles
Front Glass Door with Lock
Cable entry from top to bottom
Door can be mounted opening from either side

Specifications

CHARACTERISTICS	
Type	Value
