The Giganet offers a comprehensive solutions of wire mesh cable tray and accessories. The wire mesh trays are available in different sizes. Cable trays are used to hold up and distribute cables. Giganet supplies a broad line of high quality cable tray to the construction, electrical, telecommunications, and data communications industries. The Giganet wire mesh trays are of high quality wire mesh cable tray and support systems.
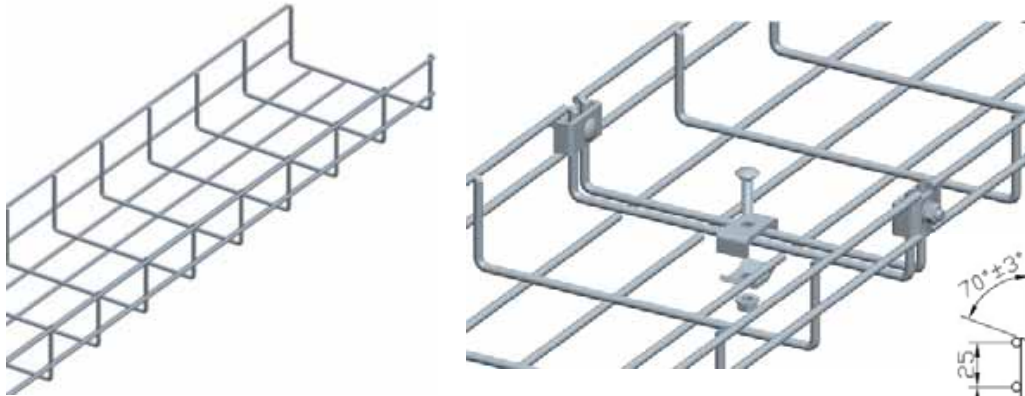

Giganet Wire Mesh (basket) Cable Tray

FEATURES

Fast and simple on-site assembly
Light weight yet Strong and Effective
Simple Fixing systems .fast of installation
Flush smooth surface and edges
Very Adaptable - cables can be exit tray at any point Easy to create tees, crosses, reducers, risers and bends on site
Strong with high load bearing performance
A wide range of fixing accessories
Open trays allow air circulating to keep wiring cool and makes for easy identification of cable
Meets EN 61537 standards

Width Inch	mm	Wire Count
