Giganet rack mount is designed to mount directly to overhead ladder rack or cable tray, Giganet Cable Tray Rack delivers 4U of easily installed and accessible 19" rack mount space above cabinets and racks without consuming additional floor space, making it ideal for use as a Zone Distribution Area (ZDA) or Equipment Distribution Area (EDA) in datacenters. Used with copper patch panels or fiber enclosures, the cable tray rack can increase cabling density, improve cable routing, simplify moves, adds and changes and provide pre-cabled connectivity for rapid deployment of new cabinets, racks and equipment.

FEATURES
2u to 8u mountable rack space
Quick and easy installation
ROHS compliant
Improved Thermal Efficiency
Rapid Data Center Deployment
CEA-310-E compliant mounting holes
Robust 12 gauge steel construction
Smooth black powder coat finish
Mounting hardware and cable management included
60 lb load rating

SPECIFICATION		
Parameters	**Units**	
Dimension	mm	2U – 133.5 x 500 x 90 4U – 266.7 x 500 x 90 6U – 311.3 x 500 x 90 8U – 355.6 x 500 x 90
Height		Mounting space - 2U Total space - 4U Mounting space – 4U Total space – 6U Mounting space – 6U Total space – 8U Mounting space – 8U Total space – 10U
Material – frame		Cold rolled steel
Material – plates		Cold rolled steel
