## **GIGANET NETWORKING SOLUTION POWER DISTRIBUTION UNIT (PDU)- BASIC**

## Giganet PDUs

PDUs are devices with multiple power outputs made to distribute electric power especially to Networking / Server Racks.

Basic PDU's are power strips that distribute correct current and voltage to multiple outlets for the purpose of powering IT equipments in racks.

Giganet Basic PDU includes both Horizontal and vertical mounted types.

## Giganet Basic PDU – Horizontal Mounted

Basic Horizontal PDUs are available with a wide range of power inputs and outputs from 1 to 3 phase and 16A & 32A.

It can be upgraded to a local metered PDU or remote monitored PDU without power interruption (Hot-swap technology).

- ❖ Rating Voltage - 230 V.
- ❖ Current - 16A & 32A.
- ❖ Socket - 6,8,10,12,14 ways with different arrangement of C13 & C19 Sockets.

## Giganet Basic PDU Selection for Horizontal Mount

<b>BASIC PDU - Horizontal Mounted</b>		
	<b>Giganet Part No:</b>	<b>Giganet Description</b>
<b>1</b>	<b>GN-PDU-6</b>	<b>Giganet PDU 6 way horizontal</b>
<b>2</b>	<b>GN-PDU-8</b>	<b>Giganet PDU 8 way horizontal</b>
<b>3</b>	<b>GN-PDU-10</b>	<b>Giganet PDU 10 way horizontal</b>
<b>4</b>	<b>GN-PDU-B1H12XX23016</b>	<b>Giganet PDU Basic,Horz,C13x12,C19X0,230V/16A</b>
<b>5</b>	<b>GN-PDU-B1H12XX23032</b>	<b>Giganet PDU Basic,Horz,C13x12,C19X0,230V/32A</b>

## Giganet Basic PDU – Vertical Mounted

Vertical Horizontal PDUs are available with a wide range of power inputs and outputs from 1 to 3 phase and 16A & 32A.

It can be upgraded to a local metered PDU or remote monitored PDU without power interruption (Hot-swap technology).

- ❖ Rating Voltage - 230 V / 400 V.
- ❖ Current - 16A & 32A.
- ❖ Socket - 12,24,30 ways with different arrangement of C13 & C19 Sockets.

## Giganet Basic PDU Selection for Vertical Mount

### BASIC PDU - Vertical Mounted

	<b>Giganet Part No:</b>	<b>Giganet Description</b>
1	<b>GN-PDU-B1V120223016</b>	<b>Giganet PDU Basic,Vert,C13x12,C19X2,230V/16A</b>
2	<b>GN-PDU-B1V120223032</b>	<b>Giganet PDU Basic,Vert,C13x12,C19X2,230V/32A</b>
3	<b>GN-PDU-B1V240623016</b>	<b>Giganet PDU Basic,Vert,C13x24,C19X6,230V/16A</b>
4	<b>GN-PDU-B1V240623032</b>	<b>Giganet PDU Basic,Vert,C13x24,C19X6,230V/32A</b>
5	<b>GN-PDU-B3V240640016</b>	<b>Giganet PDU Basic,Vert,C13x24,C19X6,400V/16A</b>
6	<b>GN-PDU-B3V240640032</b>	<b>Giganet PDU Basic,Vert,C13x24,C19X6,400V/32A</b>

## Some Key Features

- ❖ Modularized Structure and Customized Production.
- ❖ Hot-swap Components
- ❖ Self-designed Locking Receptacles
- ❖ Reliable Power Distribution
- ❖ Fastest Delivery

**Manufactured to Quality  
International Standards**
