- ★ Auto charging at off mode & Fast charging capacity

Microprocessor Control

Cold start on Battery

Auto voltage Regulator

Compact design

Stand alone suitable home system

GIGANET series line-interactive UPS is specially designed for Personal Computer and Peripherals with multi-functions. The lightweight, compact design perfectly fits the limited space. The UPS is equipped with two boosts and one buck AVR to stabilize the wide input voltage range. It is also built-in with DC start function. This function enables the UPS to be started up without an AC power supply.

GIGANET LINE-INTERACTIVE UPS 650Va / 850Va / 1000VA

General Features

- Line Interactive UPS with simulated sinewave output
- Excellent microprocessor control guarantees high reliability (Internal self-diagnostic technology)
