

Giganet splice protector sleeve is specifically made to accommodate the bare fibers when fusion splicing. The different lengths of splice protectors offer the flexibility to fiber optic network installers to adapt the variant of splice trays, splice holders and in designing optical modules. The strength member made with 1.0mm in diameter of stainless steel provides the robust holding to the fibers. The Giganet splice protector sleeve is the industry standard for durable and lasting protection of single fiber splices in field installations.

FEATURES

- 3 different length option (40mm, 45mm, 60mm)
- Easy to use
- Pack of 100pcs
- ROHS compliant

APPLICATION

- Fiber splicing in rack mount and wall mount enclosure
- Fiber splicing in rack mount patch panels

SPECIFICATION

Parameters	Units	Value
Sleeve Length	mm	40, 45, 60
Strength Member Diameter	mm	1.0
Outer Tube Material		Polyethylene
Heat Shrink Temp. Range	°C	+90 to +110

PRODUCT INFORMATION

Part Number	Product Description
GN-FSPL-40	Giganet Splice Protector 40mm (Bag 100pcs)
GN-FSPL-45	Giganet Splice Protector 45mm (Bag 100pcs)
GN-FSPL-60	Giganet Splice Protector 60mm (Bag 100pcs)
